Education

Texas A&M University Aug 2026 – May 2030
General Engineering – Bachelor of Science in Mechanical Engineering (Intended) *College Station, TX*

Engineering Experience

Texas A&M Formula SAE EV – Chassis Subteam Sep 2026 – Present
Apprentice *College Station, TX*

Torsional Rigidity Test Jig | *SolidWorks* *In fabrication*
- Designed from scratch with water-jetted, welded steel mock uprights to validate the AME26 chassis FEA
- Fixed the rear in concrete and put the front on a center pivot, so hanging weights apply a known torque

Brake Pedal Assembly | *Fusion 360, Static FEA* *Subteam design challenge*
- Designed a 6:1 floor-pivot pedal with a balance bar, twin master cylinders, BOTS, and BSPD pressure sensing
- Ran FEA at the 2,000 N rules load, refining boundary conditions and mesh to a factor of safety above 4

Projects

Custom Go-Kart | *Frame Fabrication, Powertrain, Aluminum Fabrication* Feb 2025
- Fabricated a go-kart frame from scratch around a 6.6 HP (224cc) Predator engine and custom-fitted CVT
- Machined aluminum engine mounts, tuned the engine, and integrated drive, brakes, and steering to hit 50 MPH

Scorpius – FTC Competition Robot | *Fusion 360, CNC Machining, TPU 3D Printing* Aug 2025 – Jun 2026
- Modeled full robot subassemblies in Fusion 360, running clearance and stress checks before release to production
- Prototyped a modular architecture with interchangeable subsystems and TPU compliant parts tuned for flex
- Machined parts on a 3-axis CNC and integrated carbon fiber, aluminum, and 3D-printed parts into a light chassis

Technical Skills

CAD / CAE / CAM: SolidWorks, Onshape, Fusion 360, Static FEA, Computer-Aided Manufacturing (CAM)
Fabrication: 3-Axis CNC Machining, 3D Printing, Carbon Fiber Layup, Aluminum Fabrication, Hand & Power Tools
Languages & Software: Java, Python, Microsoft Office, Google Suite **Certifications**: Lifeguard, AED/CPR

Leadership / Extracurricular

FIRST Tech Challenge Robotics – Teams 6832 & 3734 Sep 2022 – May 2026
Team Captain & Design Lead (2024–2026), Member (2022–2024) *Dallas, TX*
- Led a 15-member team to Regional and State Championships twice across design, build, code, and outreach
- Directed design of 3 robots totaling 600+ custom 3D-printed, carbon fiber, aluminum, and CNC-machined parts
- Designed and released an open-source chassis architecture actively adopted by 12+ FTC robotics teams worldwide
- Earned **1st Place Design Award** (2025, 2026), **1st Place Sustain Award**, and **2nd Place Inspire Award**
- Secured ∼$13,000 in industry sponsorships by pitching corporate partners including Southwest Airlines

Boy Scouts of America – Troop 838 Apr 2025
Eagle Scout, Project Manager & Instructor *Dallas, TX*
- Built rainwater collection platforms and wayfinding markers, leading 25+ volunteers on a $2,100+ budget

Work Experience

Glen Cove Swim Club Apr 2025 – Present
Pool Technician, Shift Leader, Lifeguard *Dallas, TX*
- Repaired filtration, chemical, and safety equipment; supervised staff; **Rookie Lifeguard of the Year (2025)**
